# Guide Outline

Introduction

Page Numbers

Special Slides

# Why use this theme?

“ William & Mary's distinction as a leader in American education is over 300 years strong. Growth of the William & Mary brand in the 21st century requires consistent and thoughtful stewardship of university visuals.

–W&M Styleguide 1.0

”

# Getting and Using the W&M Beamer Theme

1. First, get a copy of the theme from the GitHub page
  - [https://github.com/wdconinc/beamer\\_template\\_WM](https://github.com/wdconinc/beamer_template_WM)
2. Extract the contents in the base of your LaTeX project
3. Select the theme in your preamble

```
\documentclass[] {beamer}
...
\mode<presentation> {
  \usetheme{WM}
}
...
\begin{document}
```

# Frame vs Page Numbers

Beamer allows transitions, which begs the question...

How should I number my slides?

Two possible options exist

- numberbyframe
- numberbypage (default)

The difference is that page numbers **increase** with transitions and frames do not.

Example

This is Frame 1 Page 1.

# Frame vs Page Numbers

Beamer allows transitions, which begs the question...

How should I number my slides?

Two possible options exist

- numberbyframe
- numberbypage (default)

The difference is that page numbers **increase** with transitions and frames do not.

Example

This is Frame 1 Page 2.

# Special Slides

A slide with half content half W&M Crest:

```
\begin{crestframe}{Optional Title Here}  
  Slide content goes here  
\end{crestframe}
```

A Quote only slide use:

```
\begin{quoteframe}{Optional Title Here}  
  Quote Here\\  
  --Author here  
\end{quoteframe}
```

# Special Slide: Crest Frame

- Will use up only 60% of the frame
- Crest is on the right
- Similar to Quote frame
